

## IW525 Cinema System

IW525  
5¼" Inwall  
LCR Speakers

C660  
6½" LCR  
Ceiling Speakers

S10  
10" Floor Standing  
Subwoofer

So, you want more for your money in home entertainment. Well, here it is: a dynamite speaker array designed for plasma and LCD systems that will take you to new heights of realism. What's more, it'll do it without robbing you of valuable floor space.

We've taken some of our best speakers – the IW525 inwall LCR – and teamed it with the C660 ceiling LCR. The IW525, an inwall LCR unit sporting two 5¼" graphite woofers, a 1" aluminum dome pivoting tweeter and bass and treble contour switches, gives you an excellent home theater experience. It's the perfect match for the C660, with its 6½" graphite woofer and 1" aluminum dome pivoting tweeter.

Add the S10 subwoofer with a 10" long-excursion woofer, 120 watt amplifier and twin front-firing ports, your new flat-panel video system will definitely rock.

Proficient makes it easy to choose just the right surround system for your home theater. Our Cinema System configurations give you the sound you're looking for. So, your IW525 setup will sound superb for a long time to come.

Quality-built, of course. Exactly what you'd expect from a premium brand like Proficient.
